When u click on the image biography will be displayed.

2. Create a web page which contains our college logo as background. In the same page

Create a table which contains 3 rows.

1st row should contain your passport size photograph. If you click on the right side of your photo it has to display your 3 rd semester results. If clicked on left side of the photo, it has to be redirected to your INSTA page

2nd row should contain the programming languages you know, each one has to be specified in a separate column with different background, size and font styles (Use inline CSS)

In 3 rd row, display your name using web fonts by scrolling from left to right and right to left.
